GRAYLEY COLLECTION

Alcove tubs are a great solution for smaller spaces, and the Grayley is no exception. This high quality, economical tub features lightweight acrylic warm-to-the-touch material, an integrated drain for easy installation in any setting, and a comfortable molded lumbar support. The included front apron and three-sided tile flange make for a hassle-free installation. The Grayley is available in left or right-hand drain placement, and overflow and drain kit are included with this alcove tub.

RIGHT-HAND DRAIN

LEFT-HAND DRAIN

4 SIZES AVAILABLE: 60"x30" | 60"x32" | 66"x30" | 66"x32"

PRODUCT FEATURES

- **Made from reinforced acrylic:** A strong, flex resistant material with a smooth finish. Acrylic fixtures are sanitary, attractive, and easy to maintain and clean
- A modern alternative to cast iron that is light and economical to install
- Installs in a three-wall alcove configuration
- Each size is available in 2 orientations, with the drain on either the left or the right
- Comes with integrated front panel and flange
- Tile flange simplifies installation and prevents water seepage behind the wall
- Includes integral apron for quick installation
- Angled back provides added comfort when bathing
- Much deeper than standard tubs for full immersion
- Warmer to the touch and more comfortable than traditional enamel or steel tubs
- UPC and cUPC Approved

STYLING OPTIONS

TRIM HARDWARE
